Dear Editor-in-Chief,

I am writing to submit our manuscript titled **“Chemical and Sensory Quality Characteristics of Chicken Nugget Products Substituted with Mocaf Flour (*Modified Cassava Flour*)”** for consideration for publication in *Agrisaintifika*. Our research focuses on diversification of chicken nugget products by substituting mocaf flour as an alternative to reduce dependence on the use of wheat flour and we believe it makes a significant contribution to the field of agricultural sciences.

In this study, we focus on diversification of chicken nugget products by substituting mocaf flour as an alternative to reduce dependence on the use of wheat flour. This study aims to explore the potential use of mocaf flour in chicken nugget formulations that not only improve the texture and quality of the product, but also increase nutritional value. This study focuses on the formulation of chicken nuggets by utilizing mocaf flour which is known to have functional characteristics, which we believe will be of interest to the readers of *Agrisaintifika*. Our findings offer new insights into new innovation in making chicken nuggets that can use raw materials other than wheat flour but flour from tubers, aligning with the scope and objectives of your journal.

We confirm that this manuscript is original, has not been published elsewhere, and is not under consideration by another journal. All co-authors have reviewed and approved the submission of this manuscript, and we have disclosed any potential conflicts of interest.

Thank you for considering our manuscript for review. We look forward to the opportunity to contribute to *Agrisaintifika* and are happy to provide any additional information if required.

Sincerely,
Yenny Febriana Ramadhan Abdi
